Mr Johns

Thank you for taking my family. It was rough. When you took us into your house we got happy. You are a better dad than my real dad. Thank you.

My favorite is to sit and listen to your radio. The shadow is my favorite program. The guys here joke around that I am the shadow. It is funny.

You are the real Lamont Cranston. You made my family's life better.

I am going to find a red scarf like the shadow. If I can I will find a pistol too. You can then be the shadow!

Your friend
